The Roman Greek Plutarch ca. L, PSt Eutopia brought about through the innate disposition of the people. He uses his flying machine to escape to the shore, but once safely landed he is approached by hostile natives and is forced to take off again.

**A Roundhead Moonshot and Discourse on a Voyage Thither**

William of Vorilong 1390—1463 imagined a plurality of worlds, all redeemed in principle by the sacrifice of Christ. Rather than treating these musings in terms of the history of science, as is common among the few scholars who have noted them, my purpose is to locate these texts within the cultural and religious context of Stuart and Revolutionary England.
