Ch.1 Historical Perspective

Six percent of students had not gone to school on one or more of the 30 days preceding the survey because they felt they would be unsafe at school or on their way to or from school. A minor may not be detained or confined in the same area as

adult prisoners while in jail or lockup unless the minor has been indicted for first-degree murder, certified for trial as an adult, or convicted of a crime as an adult. National Center for Mental Health and Juvenile Justice.

Juvenile Justice System

The panel did not have the resources to examine all the literature relevant to treatment of juveniles under the control of the juvenile justice system Lipsey and Wilson, 1998, alone found 200 experimental or quasiexperimental studies for their meta-analysis. In contrast, in both of the minority neighborhoods Sullivan studied, youth began to move further away from home to commit violent economic crimes and encountered more serious sanctions when they did so.

Criminalizing Delinquency: The Deterrent Effects of the New York Juvenile Offender Law on JSTOR

Casey Foundation found a 30% decline in admissions to juvenile detention and a 5% increase in average length of stay, across all JDAI jurisdictions since 2009.

Juvenile Justice System

In addition, restorative justice programs keep youth in the community and maintain community safety by community-based surveillance practices

designed to limit the opportunities for juveniles to reoffend and strengthen rather than sever their connections with the community.

Stats

Finally, to account for the seriousness of prior offending, juveniles who were previously adjudicated delinquent for one of a variety of violent felonies targeted by a recently enacted legislative waiver law in Pennsylvania were accounted for. This may also explain why many States parties are providing only very limited statistical data on the treatment of children in conflict with the law.

Juvenile Justice

During 2008, juveniles were involved in 9% of the murder arrests in the United States, and approximately 25% of all other violent crimes including rape, robbery, and aggravated assault Office of Juvenile Justice and Delinquency Prevention, 2009. Winner L, Lanza-Kaduce L, Bishop DM, Frazier CE. Probation Over half of juveniles adjudicated delinquent in juvenile court are put on probation, as are one-fifth of those nonadjudicated found not guilty.

10.1. Youth Crime

For a diversion program to be successful, it may have to provide intensive and comprehensive services Dryfoos, 1990 ; services that include the juveniles' families and take into account community, school, and peer interactions Henggeler et al. The authors conducted interviews with 125 male street youth under the age of 24 in Edmonton, Alberta, asking them how often in the past year they had committed serious property crimes i.
