Іздателіство Академії наук Білорусі про проблеми формування і розвитку бібліотечної системи країни - після збору даних

Mobile services, that initially started as additions to the main desktop versions, continue to actively develop and maintain its popularity at the present time. The current state of participatory budgeting practices is considered, and methodological recommendations are given for improving the participatory budgeting process.

Іздателіство Академії наук Білорусі про проблеми формування і розвитку бібліотечної системи країни - після збору даних

The authors have developed proposals on the legal regulation of this type of preventive institution. It is said that at present, federalism in the Russian Federation is at the stage of its development and requires improvement. Today in Russia there is no legislative support for such programs, as there is no ban on their use.

Zenon V. Lovkis Personal Page

Performing important social functions, it enables the general public to realize their entrepreneurial initiative. The article deals with the changing views on categorization in philosophy, linguistics and cognitive science. Minsk, 2-3 oktyabrya 2007 g.

Eurasian Law Journal № 11 (138) 2019
