ERIC

Within each section, books are listed alphabetically by author. This bibliography may be copied and shared as you see fit. It offers information about the law, innovative teaching methods, and guides to national LRE programs.

Annotated Bibliography of Curricular Materials Related to The Core Curriculum for Children and Youths with Visual Impairments, Including Those with Multiple Disabilities

Part 3 has two ERIC digests on LRE. A series listing and publishers listing with accompanying addresses are provided. Feel free to download it from there.

ERIC ED388534: Resources for Law

We have also included directions for adding your suggestions directly to the site.

Annotated Bibliography of Curricular Materials Related to The Core Curriculum for Children and Youths with Visual Impairments, Including Those with Multiple Disabilities

I tried to develop some hard and fast criteria, but you will soon find that I sometimes overlooked my own advice. Information about curricula and resources written within the last 20 years and specifically for this population. This bibliography attempts to give information about the resources that are available when planning the curriculum for children and youth with visual impairments, including those students with multiple disabilities. From time to time these suggestions will be included if they reflect the criteria listed above.

Annotated Bibliography of Curricular Materials Related to The Core Curriculum for Children and Youths with Visual Impairments, Including Those with Multiple Disabilities

The second digest is Robert S.
