Only the year 1982 stands out, when about 56% of urban residents reported being afraid. Teams in distinctive uniforms could be seen trimming grass around trees and cleaning sidewalks. Auto theft had been a particular problem in this location.

**Breaking Away from Broken Windows : Baltimore Neighborhoods and the Nationwide Fight Against Crime, Grime, Fear, and Decline by Ralph Taylor (2000, Trade Paperback, Revised edition) for sale online**

In short, the authors temporally sequence the connections between physical deterioration, increasing local delinquency, decreasing residentbased control, and increasing serious street crime. Part of the answer may lie in the changing gaps between crime rates in the city versus the rest of the MSA.

**Breaking away from broken windows : Baltimore neighborhoods and the nationwide fight against crime, grime, fear, and decline**

It appears that for most of the period, we have roughly the same forces driving the changes in the two locations, at least for these crimes.
