## Holocene extinction

We're also home to the , the nation's oldest public marine aquarium. In the Americas, a controversial explanation for the shift in climate is presented under the , which states that the impact of comets cooled global temperatures. In total, humans have altered nature at the planetary scale, given modern levels of human-contributed aerosols and gases, the global distribution of radionuclides, organic pollutants and mercury, and ecosystem disturbances of terrestrial and marine environments.

This suggests that the absence of megafaunal methane emissions may have contributed to the abrupt climatic cooling at the onset of the . . The preliminary analysis of skulls found at the Teouma and Talasiu Lapita sites is that they lack Australian or Papuan affinities and instead have affinities to mainland Asian populations.

## Holocene extinction

London: University of California Press.

## New England/Mid

LibriVox volunteers record chapters of books in the public domain, and then we release the audio files back onto the net. Contacts were mediated especially through the eastern of Fiji. Only during the most recent parts of the extinction have.
