Goethe : Complete Poems of Goethe, full

Goethe, the cosmopolitan Weltbürger of the 18th century, lacked intense feelings of patriotism; and, having seen Germany flourish as a group of small states under enlightened despots, he had little confidence in the dreamers of 1813 who hoped to see the glories of's empire revived.

### Goethe, Johann Wolfgang von

He became great friends with the famous poet and playwright. Alone, and far away From all joy severed, Seeing the sky always On every side.

### Goethe's Faust

The second work of enormous importance was his play Faust. He made changes to the original version, putting all the small bits together into one great play. I see you there, when the dust swirls high On the far road, When the traveller shivers, in deepest night, As it narrows.

### Goethe, Johann Wolfgang von

Goethe's other well-known literary works include his numerous poems, the Bildungsroman Wilhelm Meister's Apprenticeship and the epistolary novel The Sorrows of Young Werther. Nature presents itself to the epistemologically reflective and to the naïve equally and without preference.

### Johann Wolfgang von Goethe (Author of The Sorrows of Young Werther)

It takes place in multiple settings, the first of which is heaven. Brighter, brighter, Purer ways, with greater light! And as he listens, as he sits, The waters split and rise: Out of the flowing waters hiss A mermaid meets his eyes.

### Goethe

It was this very quality that led to his fall from favor in the post-Victorian age. Of complications and solutions, of conflicts of the heart and conflicts

in general, of excitement and surprises there is virtually nothing. Now I've done Philosophy, I've finished Law and Medicine, And sadly even Theology: Taken fierce pains, from end to end.
