Saddlery & horse equipment (2002 edition)

Published for devotees of the cowboy and the West, American Cowboy covers all aspects of the Western lifestyle, delivering the best in entertainment, personalities, travel, rodeo action, human interest, art, poetry, fashion, food, horsemanship, history, and every other facet of Western culture. From leading a horse to loading the animal into a trailer, he has the answers to all training problems, and his lessons are well organized, easy to understand and follow. Perhaps the most important chapter for the novice is the one on etiquette, by means of which the beginner may avoid some of the pitfalls which may make him appear impolite.

Saddlery & horse equipment : the complete illustrated guide to riding tack : Muir, Sarah : Free Download, Borrow, and Streaming : Internet Archive

Now in its third edition, the book has been fully revised and updated, taking into account all the advances in technology and the changes in fashion and in the industry. BOOKS Page Lyons On Horses John Lyons Proven Conditioned Response Training Program Horse Training Book By John Lyons with Sinclair Browning Publisher: Doubleday, 1991, ISBN: 0-385-41398-X Reading this book is almost as much fun as attending one of Lyons's clinics.
