Bach, musicologist Christoph Wolff has suggested that Bach may have played some part in persuading Mizler to translate the treatise.

### **Gradus (1976 edition)**

Occasionally, in modern counterpoint textbooks, the third and fourth species are reversed with suspensions being taught before four notes against one. Fux, along with other composers, such as Hofer, Biber, and Caldara established a solid repertory of Catholic church music in southern Germany and Austria, despite the presence of the better-known Protestant church music in northern Germany.
