## Ethics and Social Policy

Social workers should inform participants in family, couples, or group counseling that social workers cannot guarantee that all participants will honor such agreements. Three moral philosophies, Paternalist, Consequentialist and Deontological, provide theories of the role of the will of man and social control in the evolution of society. The substantive question asks which actions, goods and services are regarded as helpful and worthwhile, and why.

## Advancing social policies & principles

Two questions arise when considering this

theory: 1 consequences for whom? That is, people should act on motives that can be used by everyone in a moral society.

## Some Principles of Social Policy

If society is truly paternalistic, then it is the moral responsibility of citizens who are doing well in life to intervene and aid those who are down on their luck.

This can be a consequence for an individual egoism or a consequence for society utilitarianism. This conflict is addressed by the idea of the difference between a *prima facie* duty and an actual duty. Social workers are encouraged to volunteer some portion of their professional skills with no expectation of significant financial return pro bono service.
