### El Lahun

But he was so enamored by the place that he even claimed it to be more impressive than the pyramids! Town layout The town was laid out in a regular plan, with mud-brick town walls on 3 sides. No evidence was found of a fourth wall, which may have collapsed and been washed away during the annual inundation.

### Lahun

In total, it added up to around 200 EGP, which I ended up paying back to him. London: British School of Archaeology in Egypt; Bernard Quaritch.

### Ancient Egypt Digital Library: Herbert E. Winlock

With thanks to the Petrie Museum of Egyptian Archaeology, UCL. Some of the tombs were erected on top of gravesites from earlier eras.

### Egypt's 'floating' pyramid mystery solved with 4,000

None of the broken fragments here are terribly impressive. On its outer side was a mud brick wall. The pyramid complex belonged to 12th Dynasty Pharaoh Sensusret II and members of the royal party were buried within the enclosure.

### The Treasure Of Lahun

The jewelry and personal hygiene items made up the majority of the artifacts found at El Luhun, apart from the coffins and mummies. The site was occupied into the late , and then again in the , when there were large land reclamation schemes in the area.

### Ancient Egypt Digital Library: Herbert E. Winlock

I then switched to accommodation in Giza for a few nights so that I could visit the pyramids right when they opened. Also like some prior pyramids, the casing was set into a foundation trench at the base of the pyramid. Several of the sites were decorated with hieroglyphics that the

ancients believed would help the deceased travel through the afterlife.

### **THE TREASURE OF EL LAHUN**

From the southeast corner of the burial chamber a short corridor leads to a small side chamber where leg bones, presumably of the king, were found. Egyptian Lion-head Collar and Armlets.
