### Kinship institutions and sex ratios in India

It has been largely recognized that conjugal relations have little significance in the joint family Ramu, 1988. Somehow these languages are related to Sanskrit and are placed in the northern area of India.

### Family, Marriage, Kinship, Religion and Social stratification in Himachal Pradesh

Sociocultural context—as measured by religion and setting—suggests that compared to the Muslims of Uttar Pradesh, the Hindus of this state marry significantly earlier, while both Muslim and Hindu women from Tamil Nadu are significantly more likely to delay marriage.

Infringements can be punished by fines and temporary or permanent outcasting.

### Muslim Marriage,Family and Kinship,Sociology Guide

It is generally perceived in case of India that household is less durable an alternative to family system, which gives more importance to friendship than kinship. Even among Muslims, previously not given to demanding large dowries, reports of exorbitant dowries are increasing.

### Family And Kinship In India

National Family Health Survey: India 1998-99. Thus, having a say in marriage decisions does not appear to delay marriage.
