In September 1918, the British Army was the most mechanised army in the world.

The First World War and British Military History

To sum up, while Lloyd George's contributions outweighed his mistakes, the margin is too narrow, in my opinion, to include him in the pantheon of Britain's outstanding war leaders. Learn more about these useful resources on our. The battalion would form 10 waves with 100 yd 91 m between each, while each company formed two waves of two platoons.

World War I: Summary, Causes & Facts

Trade Union regulations must be suspended; employers' profits must be limited, skilled men must fight, if not in the trenches, in the factories; manpower must be economized by the dilution of labour and the employment of women; private factories must pass under the control of the State, and new national factories be set up. By 1918, photographic images could be taken from 15,000 feet 4,600 m, and interpreted by over 3,000 personnel.
