The other, that's no longer inventable. Ils recensent, en particulier, les éditions sauvages ou clandestines des traductions italiennes, en particulier des pamphlets.

## Read The Collaborator Online by Alice Kaplan

In the light of these proposals by Stam and Shohat, one would presume an attentiveness to structural conditions and new global assemblages that might serve as the basis of post-national coalitions; yet, in this introduction to a volume on transnational media, Shohat and Stam barely address the translocal issues and historical complexities that are now central to the disciplines of comparative sociology, world history, and anthropology of globalization see the following section. La traduction française comportant des coupures, qui sont d'ailleurs signalées au lecteur, j'ai pensé qu'il serait intéressant de retrouver dans son intégralité l'article de Stromberg « A Talk with L.
