Mental Health Services & Psycho

This formative evaluation looks at the effectiveness, efficiency, relevance and the sustainability of the approaches that have been adopted by WFP and its partners. This report presents the results of the meta-analysis of the eight surveys combined, creating a sample of 17,696 children under 5 years of age and 13,973 households. Integer vulputate sapien ac fringilla luctus.

Mental Health Services & Psycho

Strength-based guidelines for improving the developmental environments of deaf children and youth.

Mental Health and Psychosocial Support in Peacebuilding

This is the second year that the KDPG has produced this mapping exercise. Resilience is ordinary, not extraordinary. The same respondents also said that by and large they did not have the resources or the knowledge to implement it, nor the networks to collaborate with the corresponding field.
