Part 2 specifically focuses on gender justice, exploring issues such as same-sex relationships, marriage, feminist epistemology, and activism.

The Rise of the Islamic Feminists

With feminist-based hermeneutics, Wadud reinterprets gender verses in the Quran and produces gender-just interpretations. As far as Muslim women in Western diaspora communities and in Muslim minority communities are concerned, second generation Muslim women are often caught between the practices and norms of the original home cultures of parents who migrated from Middle Eastern or South Asian countries, and the ways of life in their new countries. The distinction between secular feminist discourse and Islamic feminist discourse is that the latter is a feminism that is articulated within a more exclusively Islamic paradigm but even this is complicated.
