When I compare the games that were available when I started to be interested in gaming and the games that are published now, the overall quality has clearly improved. Please take note that the magazine is published only in Slovene language. This page also provides a pre printed message and signature block.

By the early 1930s socialist realism was enforced as the only officially sanctioned form of literature, resulting in Pasternak withdrawing from publishing his own writings, and instead turning to translation, where he produced translations of Goethe, Schiller, Keats, Shelley, and several
