CHINESE

As in the Jihe yuanben, syllogistic arguments were reduced to their propositional contents at the expense of formal validity. On Takayama, see Piovesana, Recent Japanese Philosophical Thought, 60—62. T29 1958 Taegu Taehak sipchunyōn kiryoṁ nonmunjip.

NihaoHello

His approach to the coining of neologisms was no less eclectic than his borrowings of individual terms from other translators or the forgotten fund of archaic characters.

The Discovery of Chinese Logic

Saitō, Akio,; Kobayashi, Fumio, HQ799. His antiquarian style did little to enhance the readability of his texts, despite his stated goal of enhancing clarity. C8 F34 1958 Kongzi bian nian ji, Fang, Juehui, B128.

The Discovery of Chinese Logic

Additional cross-references point to other previously unpublished parts of the Chinese version of In universam dialecticam, e.
