## truth in uigurico

These local varieties included Indo-European varieties in the north-central Tarim Basin, and south-Siberian type Turkic varieties in the eastern regions. While similar to Tömür's work, there are nevertheless a few grammar points present here that are not found in Tömür's, which makes this worth a quick read for those already familiar with the latter.

## Indo

Highly recommended for English speakers just starting to learn Uyghur.

I personally have not read through it yet. Bu jeryanda uyghur tili orxun-yénsey yéziqi, qedimki uyghur yéziqi, biraxma yéziqi, mani yéziqi, soghd yéziqi, ereb yéziqi qatarlıq yéziqlar bilen xatirlengen.

## 现代维吾尔语语法 (豆瓣)

While some of the notes may be slightly out-of-date due to the book being 20+ years old, I generally found Hahn's analysis and remarks to be quite correct and consistent with my other readings and personal experiences. Arlington, Va: American Anthropological Association.

## Greetings from the Teklimakan: a handbook of Modern Uyghur

A number of authentic documents e. There is a second volume of this work that covers more advanced points, but is currently unfinished and unreleased.
