## **Eye Contact**

Cajoling or demanding might be less successful than simply and honestly sharing how much eye contact means to you in establishing a sense of connection and better communication. Or try journaling to help you evaluate the things you love and the things you want to change about the relationship. Yet he looked her in the eyes so easily.

## **How the Eyes Work**

The problem is that the conscious glance can mean opposite things. The work of the visual system can be summarized as follows: light enters our pupil and is focused onto the retina at the back of the eye. The retina is the innermost layer of the eye.
