## Laws & Regulations

The overriding common law rule, however, is to avoid any possibility of a , which precludes using management powers for the purpose of frustrating takeovers. It can sue and be sued. Companies are excluded from the , so people who are conferred benefits under a constitution, but are not themselves members, are not necessarily able to sue for compliance.

But any regulation that implicates speech — especially political content online — threatens to raise a raft of thorny constitutional issues. It also has hands which hold the tools and act in accordance with directions from the centre. An authorisation must state the maximum number of allottable shares and the authority can only last for five years.

## **Companies, directors and company law**

Originally it was prohibited by the common law, but now although the general rule remains in section 658 there are two exceptions. Through the the UK strongly protects the right of shareholders to be treated equally and freely trade their shares. Tech giants herald these protections, known as , as the bedrock of the Internet.

## **Company Law and Corporate Governance**

This was witnessed by the fact that successful cases on directors' duties before the seldom involved minority shareholders, rather than a new board, or a liquidator in the shoes of an insolvent company, suing former directors.
