## Zora Neale Hurston: Folklore, Memoirs, & Other Writings

Consequently, folklore also possesses the attribute of primariness, an attribute that makes the impact of folklore on modern thought and art so powerful. Symbolic interaction interprets meanings of significant symbols and investigates their impact on the everyday behavior of the people who use them. Affect control theory is able to incorporate the substantive area of folklore both theoretically and methodologically.

## MUN Folklore and Language Publications

In effect, classification addressed universal attributes of folklore, while disregarding social, cultural, and individual aspects. People use folklore to connect to their past, but also as resources to accomplish particular goals through performance and communication in present social settings.

Are there boundaries within which hiders must stay? ACT allows interpretivist approaches to be gauged empirically and allows qualitative research to inform EPA inventories. Naturally, folklore in its primary stage could not have been accessible to modern man, and this attribute would have been completely lost had it not been for the attempt to recapture tales and songs as they existed in non-literate societies — that is, as they are told and sung orally without recourse to any written devices to aid in memorization and transmission of texts.
