**VTC2010**

The IEEE 93rd Vehicular Technology Conference VTC 2021 Fall brings together attendees from academia, industry and government to discuss topics in the fields of mobile, wireless and vehicular technology as well as the applications and services associated with such technology.

**Home**

As a cluster we are working together to develop product and process knowledge that can transform our products and processes to enhance our competitiveness in each of our industry sectors. The conference featured world-class plenary speakers, tutorials, and technical as well as application sessions. .

**IEEE 93rd Vehicular Technology Conference (VTC 2021 Fall), 2021**

Conference papers are available through IEEE Xplore. VTC2010-Fall was held in conjunction with this year's 5th International Symposium on Wireless Vehicular Communications.

**Home**

The complexities of designing and building these vehicles units at relatively low volumes are immense and render most light automotive knowledge and practices unusable. Many of these companies are the largest in their market segment in Canada or in North America.

**IEEE 93rd Vehicular Technology Conference (VTC 2021 Fall), 2021**

This semi-annual flagship conference of the IEEE Vehicular Technology Society brought together individuals from academia, government, and

industry to discuss and exchange ideals in the fields of wireless, mobile, and vehicular technology. On this site you can find details of these presentations and panels, and the program of the conference. .
