In addition to the estimated delivery date range, on the product page you will find how long an item will take to be dispatched.

Incunabula Short Title Catalogue

As of 2014, there are about 30,000 distinct known incunable editions extant, but the probable number of surviving copies in Germany alone is estimated at around 125,000. The typefaces of Pfister, although similar to Gutenberg's, have their own peculiarities. The term is commonly

encountered in the context of early modern books, which frequently have lengthy, descriptive titles on their title pages.

Annales Typographici AB Artis Inventae Origine Ad Annum MD[

Scope and coverage The ISTC has recorded 29,777 editions to date, although some of the records included in that number are actually 16th-century works that were included in previous incunable catalogs in error, so the number of true incunabula recorded is 27,460. He presented the school with its first printed textbook, the *Elegantiolae*, which was the first book printed at the press, and he was a printer, probably in St Albans in 1479.
