## Condom Basics: A User's Manual

It is not meant to and cannot substitute for advice or care provided by an in-person medical professional.

## Condom Basics: A User's Manual

If women and men alike take charge when it comes to having condoms around, it not only helps prevent finding yourself in a precarious situation, it also empowers both to be in the driver's seat when it comes to sex together, which makes not only for better sex and relationships, but for feeling better about sex and shared, equitable responsibility. Consider this a historical document.

The easiest way to use the mail-server is to read the rest of this section and then send email to server hermes. If that were true, his ability to compartmentalize sex--something he also engaged in with me--made me realize we would never have worked in the long-term.

## Alt.sex: User's Manual

The rim of the condom should be as close to the base of the penis as possible. Just because a woman admits she likes sex doesn't mean she wants to have it with you, and you shouldn't assume otherwise. It exists at the whim of the people who post to it.

When you're down to the base, run your fingers from the tip all the way down to press out any air bubbles: this helps keep condoms from breaking. I couldn't believe that the nice Jewish guy I was falling so hard for, the one with the high-powered job and Upper West Side apartment, who could be so sweet and tender, was doing this. It can take some trial and error to find the kind that best fit you and feel best, so getting assortment packs, or a few small boxes of a couple different kinds is a good idea.
