### 37 Foods to Hoard

Wheat germ is the center of the seed.

### Street Food Survival in Asia

Salt inhibits growth of germs in a process of osmosis where the salt pushes water out of the microbial cells. When a person becomes malnourished, their ability to tolerate extreme heat or cold erodes, as well.

### Survival Food List: The Must

Whey is the watery part that's cloudy and yellowish. Vitamins and pills do not help a prepper pull weight, but vitamins do help the body use food. Buy organic corn in cans to help ensure it's not genetically modified as most corn is GMO.
