Hair Stylist Jobs and Job Description

The research conducted provides examples of women who have used fiber processes as a way to process grief, enact religious rituals, and perform domestic tasks, as well as contemporary artists and art historians who have considered the role of fiber and craft in their own lives.

Hairdresser, from the series Types of Women's Handicraft (Fujin tewaza juni)

Apprenticeships may be completed after graduating from a cosmetology program, or they may be completed in lieu of a formal program.

and fiber: the role of craft traditions in the transmission of by Brooks Vessels

This very advanced form of synthesis also requires analysis and evaluation just as all of the parts of creating a marketable product do.
