HIV / AIDS

The infectious disease papers in this edition of the Journal amply portray the continuing impact that infectious disease has on the world. This has been exacerbated by administrative problems, inadequate personnel and funding problems. Africa has over 3,000 , with 198 marine protected areas, 50 biosphere reserves, and 80 wetlands reserves.

The History of Aids in Africa

And of those who should start ART only 66% do.

Africa

YOUR ARTICLE REALLY GOT ON MY NERVES! From the name of an ancient tribe in Tunisia, the Afri adjective: Afer. In a study on the education of orphans in India, the caretaker's health was found to be very important in determining if the orphan was at a target educational standard. Patman, The Soviet Union in the Horn of Africa 1990, , pp.

HIV/AIDS in India

Egyptian papyrus paintings depict infectious diseases such as poliomyelitis.
