Some things to assess are syntax, diction, and voice; either too much or not enough description; the balance of abstract to concrete imagery or symbolism; the flow or rhythm; the presence or lack of tension or risk narrative, dramatic, linguistic, formal, emotional ; the capacity to surprise; line breaks; word choice the best, most accurate, evocative choice for context ; point of view; and the use or misuse of dialogue. Only the initial consonant sound differs.

Find information about venues that host readings and author events, including bookstores, bars, cafes, libraries, literary arts centers, and more. If you are unable to submit a single merged file, Trafford can merge your files for an additional fee as long as you submit a list detailing the order of poems. Try printing several versions employing different orderings, and then use your intuition to decide which one is best.
