## Federal Railroad Administration

The experience with mandatory switching or short hauls to hand-offs in Canada and Mexico has been somewhat disappointing, at least in part for a reason that is likely to restrict benefits in the United States as well: a competing duopolist fears that if it takes advantage of the opportunity to serve a shipper captive to its rival, the rival will in turn take advantage of the opportunity to serve its own captive shippers, and competition will break out throughout the system. Given the broad language of 49 U. We also reference original research from other reputable publishers where appropriate.

Historical Synopsis of the Railroad Retirement Program The initiative for establishing a separate federal retirement program for railroad workers arose during the late 1920s as a response to the myriad problems facing the railroad industry's private pension plans.

## How does government regulation impact the railroads sector?

Net earnings of any carrier are to be limited to 6 per cent and one half of the excess, the other half to be paid to the Commission for a contingent fund to be lent to weaker roads or used in other ways helpful to the railway conditions.

## Competition and Regulation: The Railroad Model on JSTOR

Abstract Recent rate increases by U. However, for purposes of simplification, it is assumed that the stylized worker took both Tier I and Tier II benefits at age 66 in all of the examples.

The National Railroad Retirement Investment Trust One unique aspect of the Railroad Retirement system is the private investment of some of its funds through the National Railroad Retirement Investment Trust NRRIT. Local land use restrictions, like zoning requirements, can be used to frustrate transportation-related activities and interfere with interstate commerce.

#### **Railroad Regulation. Part 4**

It asks for a ruling regarding whether the facilities are subject to federal jurisdiction, and, if so, the extent to which local laws and regulations specifically zoning ordinances apply. Amendments to the program in 1946 further expanded the scope of the Railroad Retirement system to include survivor benefits, sickness benefits, and occupational disability benefits.
