An Anthology of Canadian Native Literature in English by Daniel David Moses

An Anthology of Canadian Literature in English: Bennett, Donna, Brown, Russell M.: 9780199023578: Textbooks: Amazon Canada

As well as full annotations for all selections, the volume includes an introductory overview of Canadian literature, detailed headnotes on the life and work of each author, and occasional brief essays on genres and historical moments I'd probably have hated this book a bit less if I weren't obligated to get it for a university course I was taking that was being taught by the book's authors. They stop short, however, of a naming that recognizes the transformation and losses entailed when voiced and embodied orature is textualized.

An Anthology of Canadian Native Literature in English by Daniel David Moses

Preface by Rudyard Griffiths; Foreword by Adrienne Clarkson. There is a good opening essay by the editors explaining the need for the anthology and their principles of selection.
