## Nares Strait Ice Arches

Very nice write up Allison! The thick line without symbols at 0.

## The currents and winds of Nares Strait

The measuring campaign this summer will hopefully add three more years of measurements and several summer snapshots. Dress warmly if you have plans to visit Eureka over Spring Break.

## Nares Strait

As with the rest of Greenland, this is strong evidence of a warmer climate then. Lets have a peek at how this looked from space yesterday: Ice arches of Nares Strait on January 26, 2014 from MODIS thermal imagery.

## "Warm Ice" signature in the Nares Strait / Robeson Channel? « CIMSS Satellite Blog

And, of course, we do know that temperatures in Greenland fell sharply between 1958 and 2001 — after all, Jonathan Amos told us himself in 2003! Statistical significance of trends and trend differences in layer-average atmospheric temperature time series. Their calculation of a net southward flux is consistent with earlier hydrographic surveys ; , which indicated that surface waters from Baffin Bay and the Arctic Ocean move southward on the Labrador shelf and contribute substantially to the buoyancy of the Labrador Current.

## Anomalous collapses of Nares Strait ice arches leads to enhanced export of Arctic sea ice

Almost transparent white features are clouds. What HAS changed is the benefit hydrocarbons have brought to our lives enabling us to enter and survive in the absolute extremes, something which would be totally impossible without. This natural gatekeeper—which prevents sea ice from exiting the Arctic Ocean and drifting southward into Baffin Bay—typically breaks up each year by June or July.
