GCSE Design and Technology

The government announced that GCSE and A-level grades would be awarded through teachers' assessments based on mock exams, coursework and other available evidence, moderated by a statistical standardisation model developed by.

General Certificate of Secondary Education

There is good interactive content which allows for better engagement and learning experiences. You can learn how to work out area of a shape.

GCSE results 2019: Is an E a pass at GCSE

For admissions in the UK, a high school diploma may be accepted in lieu of the GCSE if an average grade better than D+ is obtained in subjects with a GCSE counterpart. A face is a 2D shape that makes up one surface of a 3D shape, an edge is where two faces meet and a vertex is the point or corner of a geometric shape. Examination results are released by the Joint Council for Qualifications JCQ , which represents the main GCSE awarding organisations.

GCSE results 2019: Is an E a pass at GCSE

The November examination series exists for this purpose, to allow a faster path to gain these grades than waiting until the following summer's main series. Below 5 there was a U ungraded grade. This remained the highest grade available until 2017.

3D Shapes

Biology, Chemistry and Physics; or Combined Science. The same thing applies for GCE candidates in day schools. GCSEPod can also be used on a variety of platforms and tailored to different settings, which all contribute to a better personalised learning experience.
