The story between Hannes and Ella was super exciting I enjoyed the twist through out the book. She did an excellent job of portraying the step-mother and step-sisters as abusive.

**Ella: An Amish Retelling of Cinderella by Sarah**

First published in 1972, Ella This novel unfolds as a series of entries in the journal of a suburban housewife attending college for the first time at the age of thirty-five. The ending especially begs for discussion.

**The Woman with the Blue Star: A Novel by Pam Jenoff, Paperback**

These are the words Ella lived by since her mother's death when she was young. She began writing fiction and articles in 1960.

**Ella journal (1997 edition)**

I love this retelling for the same reason. I loved everything about it. AbeBooks offers an immense collection of first edition books for sale, including some of the most famous books ever published.
