### Pillar Induction

To create your Southern Ports induction portal account, please provide the required personal information and business details. Aligning NTIP supports to evaluation thresholds is important to the success of new teachers. New teachers who receive support and mentorship via NTIP will become the mentors for the next generation of new hires and ultimately of the students they will teach.

### Gas, Electric, and Induction Ranges

Upon successful completion of 2 satisfactory NTIP evaluations, boards are responsible for submitting the names of new teachers to the Ontario College of Teachers within 60 calendar days. Enter and space open menus and escape closes them as well.

### Southern Ports Induction Portal

And slide-in ranges provide a built-in look.

### Pillar Induction

New to the online induction portal? In addition to the NTIP induction elements, new permanent hires are evaluated twice within their first 12 months of employment through the process. The inclusion of these teachers as eligible to participate in any of the NTIP induction elements is designed to provide boards with flexibility to respond to local hiring realities and potentially to support new teachers for a greater length of time. Participation in NTIP for newly hired Long Term Occasional LTO Teachers refers to the induction elements only.

### Southern Ports Induction Portal

Choose from electric ranges, gas ranges, and dual fuel ranges for your kitchen space. We also have induction cooking ranges with convection ovens for more advanced cooking and baking techniques.

### Gas, Electric, and Induction Ranges

Pillar is committed to providing total induction solutions to our customers. We provide a range of services including laboratory process development, preventative maintenance, equipment repair and parts, coil repair and installation services. Some of our stoves feature double ovens that allow baking at two separate temperatures.
