## Why Self

I consent to DDI emailing me, collecting my personal data, and processing that information in the provision of services and for the purposes of marketing and research.

## Why Self

This is called 'that which is'. The more our attention — the glance of Grace - falls on it, the more the mind's wavering nature and its ascendancy will increase.

## How the Science of Self

Whether that adds credibility to the hypothesis that anxiety is a tangible chemical reaction triggered by surroundings and not merely psychosomania, or coincidence, I do not know. Appearance is something to talk about.

## Sri Sadhu Om

It is only in reply to the immature people who — not able to have even an intellectual understanding about the nature of the Self, which shines alone as the one, non-dual Thing, unlimited by indeed absolutely unconnected with time and space, unlimited even in the form 'The Absolute is everywhere, the Absolute is at all times, the Absolute is everything' always raises the question, 'Where is the seat for the Self in the body? Since the mind is to think about the body and breath — though with the intention of deciding 'this is not I, this is not I' — such attention is only a means of becoming attached to them and it cannot be a means of negating them! It could enable you to be confident and independent, with strong will-power and the ability to empower others. Fleming, the author of , to discuss the vast potential of metacognition. From the outset, such acknowledgements do have therapeutic value, for instance by priming the mind to embrace and control an uncomfortable yet familiar state of affairs, as opposed to allowing it to flood with panic through suppression or outright denial of emotive state, until overwhelm sets in and painful confrontation with reality is inevitable.

## **All About Cancer Rising And How It Influences Your Personality**

But on the other hand, as soon as the attention is fixed on the first person or Self , it loses mean names such as mind, intellect or ego-sense. Under what circumstances will your emotions get away from you and result in behavior you regret? The orientation to life is self-centered. For those who accept as their basic knowledge the 'I am the body' — awareness, being unable to doubt its the ego's existence, it is suitable to take to Self-awareness that is, to do Self-inquiry in the form 'Whence am I? What are people born with Cancer rising like? Having both external and internal self-awareness is a big part of self-leadership.

### **My sun conjunct the ascendant**

Sensitivity can often get the better of Cancer rising people and cause them to act rashly. It will also reinforce your maternal instinct and your desire to take care of those you love.

### **Sri Sadhu Om**

The ACDC axis shows how you perceive the outside world. The reader may here refer to 'Maharshi's Gospel', Book II, chapter IV, 'The Heart is the Self' 8th edition 1969, pages 68 to 72; 9th edition, 1979, pages 72 to 76.

### **Sri Sadhu Om**

You express your personality best when you are relaxing, or when you are taking risks.
