conferences, and conducting Patient Evaluation Clinics. Edelstein, MA, PT, FISPO, is a world-renowned authority in prosthetics and orthotics.

Prosthetics and Patient Management: A Comprehensive Clinical Approach

After serving 2 ½ years in Barbados practicing geriatrics, pediatrics, and sports medicine, she returned to work for United Cerebral Palsy of New York State in New York City and, later, for Manhattan Developmental Center. Covering all aspects of patient-centered care in the practice of physical medicine and rehabilitation, the book provides a competency-based approach to topics and conditions commonly encountered in this specialty. Prosthetics and Patient Management covers practical solutions to everyday problems that clinicians encounter, from early prosthetic management to issues facing the more advanced user.
