Transition to middle school: Self

With the inception of Little League Baseball in 1954, sport for youth moved from social agencies and activities organized by youth themselves to adult-organized sport programs. However, physical education was not offered in the public schools until 1855, when Cincinnati, Ohio, became the first city school system to offer this type of program to children.

Physical Development and Growth

Hall, and Edward Thorndike, supported the important role of children's play in a child's ability to learn. The course of physical growth during adulthood is relatively uneventful.
