Why Nationalism Works And Why It Isn't Going Away

However, there is neither a blueprint nor any objective criteria that can establish where and when a nation exists. Nationalism and particularly the economic nationalism variety is seen by some scholars as the main hindrance to globalization. The dangers traditionally associated with military presence are gone; the national populists have to invent and construct a presumed danger that comes into the country together with foreign families, including those with children.

Further lines of thought built upon these considerations can be used to defend very different varieties of nationalism, from radical to very moderate ones.

Nationalism Is Rising, Not Fascism

Civil nationalism is also termed as liberal nationalism as it involves the nurturing of liberal values such as individual rights, freedom, and tolerance.
