Very subtle, just like how Tokyo do her thing to her citizens stealthily! I welcome more ideas to help Okinawans reclaim their destiny as Free People! Just like the Black Van cruising around Tokyo, Okinawans can also use cars as effective tools of independence movement. Malapportionment may have contributed to the distorted outcome in 2012, but significant distortions can easily occur in single-member district systems regardless of whether there are equal numbers of people in each district. Japanese democracy looks like a democracy with rotten foundation, so it is basically a fraudulent democracy.
