**Gifts of leadership : team building through focus and empathy (Book, 1997) [perssongroup.materialsproject.org]**

Stanford University is exploring that connection at its Calming Technology Lab, which is developing relaxing devices, such as a belt that detects your breathing rate. What character have you connected to lately? Empathy in the workplace is not only an important element of, but also a skill that needs to be developed and practiced to enhance personal and professional leadership.

And never has it been under greater assault.

## Team Building & Intrapersonal Relationships

You might like: 5 To express empathy you need to be intentional about it. Empathetic leaders are assets to organizations, in part, because they are able to effectively build and maintain relationships — a critical part of leading organizations anywhere in the world.

## The Importance Of Empathy In Leadership

Someone who can keep her attention in open mode will notice the travelers but not worry about them, and will take in more of her surroundings. The exceptional leader can rise above the distractions.
