### How to Help Young People Transition Into Adulthood

Nursing and Midwifery Council 2010.

### Transition to adulthood for young people with intellectual disability: the experiences of their families

Use of the MECC framework should be considered for transitional care. The Department for Education and Skills and Ofsted need to ensure that local education authorities are delivering effective transition planning, as required under the Code of Practice on the Identification and Assessment of Pupils with Special Educational Needs. The room feels more like a spacious laboratory that blends in with the patio and trees right outside.

### Transition to adulthood for young people with intellectual disability: the experiences of their families

It was useful for me to hear that the QNI has created an that aims to develop knowledge and skills and thereby improve the transitioning process. Not surprisingly, the same concerns are re-emerging, with some critics worrying that such programs are in which students perceived to have limited potential are pigeonholed into non-academic settings and low-paying jobs that nobody else wants.

### Young people in transition

The vast majority agree that skills like critical thinking, resilience, creativity, systems thinking, and empathy are crucial and must be prioritized over compliance and standardized test scores.

### Transition to Adult Services Factsheet

Conclusion There is a clear need for further research, as well as policy and guidance development on transitional care.
