Difference Between Context and Content

Trivia About Event-Cities 3: Alexa Actionable Analytics for the Web. However, there are some differences between the two words that set them apart.

Bernard Tschumi Architects

Concept, context, and content may be in unison or purposely discordant. Content There is no architecture without a concept, an overriding idea that gives coherence and identity to a building

Bernard Tschumi Architects

Against the ualist movement of the 1980s and 1990s, which called for architecture to blend in with its surroundings, Tschumi argues that buildings may or may not conform to their settings—but that the decision should always be strategic.

perssongroup.materialsproject.org: Customer reviews: Event

His use of event montage as a technique for the organization of program systems of space, event, and movement, as well as visual and formal techniques challenged the work other contemporary architects were conducting which focused on montage techniques as purely formal strategies.
