### Veronica Eliasson

For the PhD degree, up to 24 credit hours of courses may be transferred. Topics analyzed include the dynamics of historical change in energy and resource use, the ways in which energy and the environment have shaped the development of past societies, cultural perceptions of energy and the environment during different historical eras, and the impact of past human activities on natural systems. Topics of this class will include performance etiquette, musicianship, musical styles, stylistic vocabulary, foreign language and basic music theory.

### Colorado Mines

There is no single party responsible for the remediation of abandoned mines. . Jackson discovered placer gold at the present site of Idaho Springs, where Chicago Creek empties into Clear Creek.

### Colorado

As we investigate key scientific discoveries of the modern era, we will also consider the philosophical and cultural impacts of those scientific discoveries. How do they communicate the economics to their stakeholders? By 1866, Bishop George M.

### Veronica Eliasson

I often use the Olympic motto Citius, Altius, Fortius — Faster, Higher, Stronger — to describe the overall purpose of my work.
