## SWAMPWATER GRILL, Cincinnati

In such circumstances where flooding does occur, swamps absorb and use the excess water within the wetland, preventing it from traveling and flooding surrounding areas. Yet the integration of violence and communal emotion is simpler than in the tortuous constructions of William Faulkner.

### **Swampwater**

A swamp is a wetland composed of trees and shrubs found along large rivers and lake shores. Some of the world's largest swamps are found along major rivers such as the Amazon, the Mississippi, and the Congo. It was really more of an appetizer.
