## Law and Technology in the Pacific Community

Its work is focused on partnership with national, regional and international agencies to build capacity of Pacific islanders. All countries in the region except Tokelau have written constitutions. Both SPC and SPREP have a track record in regional capacity-building activities related to maritime safety and security, trade facilitation and port efficiency; as well as the prevention of pollution from ships.

## [PDF] eBook Law And Technology In The Pacific Community Download Full

Aims of the GMN project Greenhouse gas emissions from shipping are expected to increase but developing countries, which play a significant role in international shipping, often lack the means to improve energy efficiency in their shipping sectors.

your jurisdiction for advice on specific legal problems.

**Law and technology in the Pacific community / edited by Philip S.C. Lewis**

PacLII publishes legislation, case law and other documents freely on the Internet for 20 Pacific Island Countries. It was recognised that all islands share common issues and SIDSnet was initiated with a mandate to implement the communication segment in the implementation of the Programme. The Palmer Center for Entrepreneurship and the Law offers an innovative, multidisciplinary fellowship program
