## UW Population Center

Immunology of Reproduction is a comprehensive review that describes the latest developments in reproductive immunology. The symposium brought together speakers from a broad range of disciplines in order to focus on key regulatory mechanisms in embryo development, using a wide variety of animal models, and on representative topics in human preimplantation embryogenesis.

## Vol. 9, No. 4, Apr., 1978 of Studies in Family Planning on JSTOR

The journal contains original research articles, reports on individual countries, signed book reviews, commentary, abstracts from other journals, and data summaries from Demographic and Health surveys. Glycogen phosphorylase in the rat levator ani: Activity related to testosterone, epinephrine and actinomycin D. Alvin Paulsen Department of Medicine--Endocrinology University of Washington Box 358265 Seattle WA 98195-8265 Phone: 206 326-4060 Fax: 206 543-0590.
