**USITT EXHIBIT: The Designs of
Oliver Smith: New exhibit offers rare
insight into this prolific master
scenographer.**

He is currently a member of the scientific committee on Integrated Research on

Disaster Risk of the International Council for Science and the Climate Change Task Force of the American Anthropological Association. Scene Design for Stage and Screen; Readings on the Aesthetics and Methodology of Scene Design for Drama, Opera, Musical Comedy, Ballet, Motion Pictures, Television and Arena Theatre. However, Rochester confides to Jane his conviction that Blanche is attracted only by his wealth.

Anthony Oliver

This exhibit includes a photograph of Smith supervising the painting of a backdrop for Take Me Along in 1959 in Nolan's Scenic Studio while holding in his hand the backdrop elevation displayed beside the photograph. Color elevations express the scenic design in a way that enables the construction and painting of the setting.

I read it alone quietly, in a room at my own speed.

Smith, Oliver (1918

In early December 1942, Selznick wrote Goetz that he and Welles agreed on the importance of casting character actors who were new to motion pictures.
