To bring about the events that Prospero was able to control, a disturbing circumstance in which the imagination and external world are weirdly fused, so that what one speaks becomes reality, requires the special knowledge of books, which are the receptacles of long inquiry. When news of the event reached American author Henry Miller 1891-1980 , he immediately felt a reverberating shock.

A stratum with a spine. . During the last three years of his life, an often-bitter but raunchily vigorous Henry Miller in California wrote some affectionate, hyperbolic letters to old New York friend Irving Stettner, editor of the tiny avant-garde magazine *Stroker*—along with a few prose pieces for the shoestring, Dada-ish publication.
