How World War One Changed the Politics of the Middle East

This instability is the result of ongoing conflicts and tensions, and a variety of political tensions and divisions. Spooked by the difficulties in Iraq and Afghanistan, the United States started to retrench from the Middle East towards the end of the Bush Administration. This and the period of American unipolarity that followed the end of the Cold War led to a regional power imbalance, which the Middle East is still contending with today.

Politics and change in the Middle East : sources of conflict and accommodation (Book, 2000) [perssongroup.materialsproject.org]

People, States and Fear: An Agenda for International Security Studies in the Post-Cold War Era. His death on January 4, 2011, brought together various groups dissatisfied with the existing system, including many unemployed individuals, political and human rights activists, labor, trade unionists, students, professors, lawyers, and others, to begin the Tunisian Revolution.

Politics and Change in the Middle East Sources of Conflict and Accommodation

First, with the entry of Russia into Syria in 2015, Moscow muscled its way into being perhaps the most consequential external actor in the region.

Table of contents for Politics and change in the Middle East

Over time, these inefficient patronage systems became especially challenged by the emergence of three major forces: a massive demographic bulge of young people on the cusp of adulthood; the penetration of a globalized economy; and a radically new information environment generated first by satellite television and then by the internet and mobile technology. The first Muslim reaction to European encroachment was of rural and working class and not urban origin. There are potential trouble spots around the region, where leaders are aging and succession is unclear—Algeria and the Palestinian Authority are prime examples.
